

Dear Parents,

I can't believe summer is over and school has started. We are so glad WNL is back in action. There are a few rules I wanted to make sure all parents were aware of to keep our children safe and make this the best year ever. Starting today there is a new rule in place where all children have to stay inside the Fellowship Hall during meal time unless their parent plans to go outside with them. It is a huge liability for the church and is very dangerous for your child to be unattended outside. The security guard is not our babysitter. (I'm guilty of this myself)

1. Rules for WNL Classrooms:

- a. Obey your teachers and show them respect.
- b. Children be respectful to each other. (Follow the Golden Rule: Treat others the way you would want to be treated.)
- c. Listen to your teacher when they are going over the lesson and directions.
- d. No running up and down the stairs going to and from classes.
- e. No running in the Sanctuary during Christmas rehearsals.
- f. No children should be outside during WNL unattended.
- g. One we dismiss, the children must go back downstairs and find their parent in the fellowship hall. They cannot go outside and wait on their parent. (Again this is a safety issue)

I'm very excited about this coming year with WNL. I have lots of fun things planned for your children this year.

Thanks for all you do,
Amy Killebrew
FUMC Children's Director
